What is iFLY?

iFLY Queenstown is New Zealand's first indoor skydiving and Queenstown's most exhilarating new adrenaline experience. Flyers feel the rush of freefall as they float on a smooth column of air; there's no parachute, no jumping, and nothing attaching you to Planet Earth. It's 100% pure flight in the heart of New Zealand's adventure capital, no strings attached. From your first iFLY experience you'll get an authentic taste of what brings the pro-flyers back again and again – the incredible rush of bodyflight. You're literally flying in the same training tool used by every top skydiver on the planet, and there's no limit to the fun you can have and the boundaries you can push.
